

CHAD AND KARA HUDNALL

Since Stuhr Museum opened in 1967, hundreds of thousands of children have come through the museum gates to learn about Nebraska's pioneer past. You might have been one of those kids. They have grown up to become business owners, policymakers, parents, and leaders of all kinds. The leaders who continue to build Nebraska's communities.

Chad Hudnall, a Grand Island native, was one of those children. He and his wife, Kara, have made their home in Grand Island and have become leaders in the community. Stuhr Museum Foundation is excited to have the Hudnalls on board as our 2019 Annual Fund Drive Chairs.

Chad and Kara's own children are now part of the 13,000 students who visit Stuhr Museum each year, and they can't imagine Hall County without Stuhr Museum. "I have really great memories from coming here with my family as a kid," stated Chad. Kara added, "We've been able to make memories with our own family, and we hope they get to do the same someday."

Your gift to the 2019 Annual Fund Drive helps ensure that Stuhr Museum is around for generations to come—and can meet the unique needs of each generation full steam ahead!

# LIVING HISTORY MAKES LIFELONG CHILDHOOD MEMORIES.
